

PADI Basic Freediver Course offered during DEMA 2017!

Are you interested in the PADI Freediving program but have questions or are unsure about it? Do you want to give it a try to see what it is all about without committing too much time or energy? Then why not take the opportunity to complete the PADI Basic Freediver course while at DEMA in Orlando?

This half-day event covers the knowledge development and confined water portions of the PADI Freediver course and successful completion of this program will result in certification as a PADI Basic Freediver.
